SEE BELOW FOR SIPC Member Pricing

DELOS advanced air purification technology was recently selected for installation in all Chicago Public Schools and by the New York City Department of Education for implementation into all 1,800 schools.

The DELOS advanced air purification technology is capable of trapping and removing particles as small as 0.007 microns at 99.97% efficiency, which is **smaller than the virus causing COVID-19**. These are highly affordable, stand-alone, or wall-mounted portable solutions, that are safe for use in classrooms and, **don't require construction, labor, or access to existing HVAC systems. (In-stock and ready for delivery.)**

About DELOS:

DELOS is a wellness real estate and technology company guided by the mission to be the world's leading catalyst for improving the health and well-being of people around the world by improving the indoor environments where they live, work, sleep and play.

Bid Award Information - RFP #SIPC2021AIR1:

The Schools of Illinois Public Cooperative (SIPC) sought written proposals from qualified suppliers to establish a prime agreement (Prime Vendor Contract) for a STAND-ALONE AIR PURIFICATION SYSTEM FOR SCHOOL BUILDINGS for the members of SIPC who wish to participate. The proposal is made available to any SIPC member that has entered into the SIPC Intergovernmental Agreement.

With the different systems available on the market, the SIPC Board is awarding this contract to multiple vendors, in order to best serve the needs of the schools. All vendors properly responded completely and on time to this proposal to be considered for award. Vendors have been notified of the award via email from info@schoolsofillinois.org and by USPS. Vendor who is awarded contract under this agreement will be identified as “approved vendor” for SIPC members. All bid documents, bid award information and SIPC Member pricing information on each vendor's bid may be found at the following link <https://schoolsofillinois.org/published-rfps/>
